

2022 Equine Research Awards

A commitment to equine disease research, Boehringer Ingelheim will provide five \$15,000 awards to researchers whose proposals help to advance the diagnosis, treatment, and understanding of equine infectious disease(s). Veterinarians, diagnosticians, and public and private researchers in the United States and Canada are eligible to submit proposals for research programs that advance the diagnosis, treatment, and understanding of equine infectious disease(s). Residents and DVM/VMD graduate students will be given preferential consideration for two of the five grants if proposals are deemed adequate merit.

Research Focus

The 2022 research topic Equine Respiratory Disease with suggested areas of research focused on:

1. Equine Infectious Respiratory Disease
2. Equine Asthma Syndrome

All proposals must comply with application instructions and be submitted via e-mail to steve.grubbs@boehringer-ingelheim.com. The deadline for proposals is September 15, 2022. If you have any questions, visit [Equine Research Awards | Boehringer Ingelheim Animal Health \(bi-animalhealth.com\)](https://www.boehringer-ingelheim.com/equine-research-awards) or contact us via email at steve.grubbs@boehringer-ingelheim.com or by calling 816-676-4731.
