

ACVS Research Committee

Integrity Statement

The ACVS is proud to support Surgeon-In-Training research awards to further the education of the next generation of surgeons. We believe that the preparation of a Surgeon-In-Training grant application offers a valuable opportunity to mentor residents in the art and science of grant writing. With this in mind, this Integrity Statement is to verify that the resident was the primary author and force behind the grant application and that the ACVS Diplomate Supervisor assisted with the process with mentorship, methodological training, and editing.

To be completed by the Diplomate Supervisor.

I, _____ (Diplomate Supervisor), am the mentor for _____ (resident surgeon-in-training) and verify that this award application was substantially developed and written by the applicant with mentoring from me.

Signed: _____ DACVS DACVS-LA DACVS-SA

Printed Name: _____ Date: _____

To be completed by the Surgeon-in-Training applicant.

I, _____ (resident surgeon-in-training), verify that I have substantially participated in developing and writing this application with guidance and mentorship from my Diplomate Supervisor.

Signed: _____ Small Animal Large Animal Equine
