

**ACVS Small Animal Advanced Laparoscopy**  
**Presented by ACVS**  
**Translational Medicine Institute**  
**Colorado State University, Fort Collins, CO**  
**August 4-6, 2020**

**ADVANCED COURSE**

*Tuesday, August 4*

*Wednesday, August 5*

*Thursday, August 6*

Laboratory fee: \$2,300

*Available to ACVS and ECVS Diplomates and residents only.*

Advanced laparoscopic procedures will be described in the lectures, followed by a laboratory on live dogs. Simulators will be used to learn intracorporeal suturing techniques. Procedures described and performed in the laboratory will include:

- Laparoscopic
- Gastropexy
- Adrenalectomy
- Cholecystectomy
- Nephrectomy
- Splenectomy
- Hernia repair
- Lymph node exploration

The laboratory is designed for participants with experience in minimally invasive surgery. Size is limited to three people per animal. Technicians can attend lectures and observe in the laboratory.

Instructors:

- Eric Monnet, DVM, PhD, DACVS, Chair, Colorado State University
- Brad Case, DVM, MS DACVS-SA, University of Florida
- Jeffrey Runge, DVM, DACVS, University of Pennsylvania
- Ameet Singh, DVM, DACVS, University of Guelph
