

## **THE ADVANCEMENT IN EQUINE RESEARCH AWARDS**

Boehringer Ingelheim will award a total of five \$15,000 awards (USD) for research studies submitted by equine researchers, practicing and teaching veterinarians, students and others in the equine industry within the United States and Canada. The proposals are selected based on their practical application and the proponents' ability to understand, diagnose, control or prevent a specific disease area

### **2018 RESEARCH TOPIC:**

#### **EQUINE RESPIRATORY DISEASE**

1. Equine Infectious Respiratory Disease or,
2. Equine Asthma Syndrome

Veterinary Residents and DVM/VMD graduate students will be given preferential consideration for two of the five grants if the proposals are deemed to be of adequate merit.

### **SUBMISSION DEADLINE**

September 15, 2018

### **SUBMISSIONS SHOULD BE SENT TO:**
