

**ACVS Research Committee  
Integrity Statement**

The ACVS is proud to support Surgery Resident Research Grants to further the education of the next generation of surgeons. We believe that the preparation of a Surgery Resident Research Grant application offers a valuable opportunity to mentor residents in the art and science of grant writing. With this in mind, this Integrity Statement is to verify that the resident was the primary author and force behind the grant application and that the ACVS Diplomate supervisor assisted with the process with mentorship, methodological training, and editing.

**To be completed by the Diplomate Supervisor.**

I, \_\_\_\_\_ (Diplomate Supervisor), am the mentor for  
\_\_\_\_\_ (surgery resident) and verify that this award application was  
substantially developed and written by the applicant with mentoring from me.
